

CONTENTS

A.V. Pisaruk, V.B. Shatilo, I.A. Antoniuk-Shcheglova, S.S. Naskalova, O.V. Bondarenko, V.P. Chyzhova, V.V. Shatilo, L.G. Polyagushko. Human biological age: regression and neural network models	3
Yu.D. Frenkel', V.S. Chernov, V.O. Kostenko. Effect of NF- κ B and Nrf2 transcription factor modulators on indicators of oxidative-nitrosative stress in skeletal muscles of rats under chronic hypomelatoninemia and carbohydrate-lipid diet	11
S.V. Babak, O.V. Petrachkov, V.V. Biloshitskiy. Complex psychophysiological approach to the diagnosis of anxiety and depressive states for military personnel	19
Ye.V. Moiseyenko. Evaluation of the psycho-physiological state of operators of extreme activities	29
O.A. Kondratska, N.G. Grushka, S.I. Pavlovich, R.I. Yanchii. Corrective effect of germanium citrate on the reproductive function of female old mice	37
O.O. Kalashnikov, O.Yu. Usenko, I.M. Todurov, O.I. Plehutsa. Gastric decompression in patients after laparoscopy sleeve gastrectomy	44
A.S. Pustovalov, M.G. Matvienko, G.Ya. Grodzyuk, N.S. Andryushina, M.E. Dzerzhynsky. Gold nanoparticles effects on the morphofunctional state of the hypothalamus and adrenal cortex of rats with obesity	52
D.V. Shesterina, A.L. Palamarchuk, S.O. Kovalenko. Changes in heart rate variability and peripheral hemodynamics during intermittent pneumatic compression in persons with different types of regulation of the autonomic nervous system	62
A.O. Mykytenko, Y.K. Matsytska, O.Y. Akimov. Influence of lipopolysaccharide and the general adaptation syndrome on the development of oxidative-nitrosative stress in the lacrimal glands of rats	71
REVIEWS	
I.V. Kolosovych, I.V. Hanol. Intra-abdominal hypertension as a complication of acute pancreatitis	78
NECROLOG	
In memory of a young scientist Bizhan Sharopov	90
